Course Rationale

In 2009, Missouri Senate Bill 291 established the "School Flex Program" as an incentive for students to stay in school part-time while continuing to work towards a diploma. Many students who are juniors and seniors in high school can benefit substantially from school-directed and supervised paid or unpaid learning experiences that cannot be readily provided within a regular classroom setting - experiences that can be made available through the assignment to off-campus locations under cooperative arrangements with business and industry or other institutions.

Course Description

The School Flex Program is a career and technical education program based on the cooperative education method of instruction. The program should serve students with a wide variety of career interests, including careers not traditionally considered "vocational". Academic study is combined with paid supervised employment in a career area of interest. The employment is planned and supervised by the school in cooperation with a business or industry. A formalized agreement between all cooperating parties specifies the role each is to play as part of the program. A written plan of instruction details the knowledge and skills to be mastered. The teacher-coordinator responsible for the program conducts periodic communication with the student's employer in order to better correlate classroom instruction with employment skills, and to complete evaluations of the student's performance which are supplemented by employer evaluations. Credit is awarded for the classroom instruction and for the on-the-job experience in compliance with Brunswick R-II School District Policies. The program is open to high school juniors & seniors as a practical arts elective for up to two credit hours.

School Flex Program Student Objectives

- 1. Development of occupational competence.
- 2. Development of higher level, transferable knowledge and skills related to careers.
- 3. Development of core academic skills through application in the workplace.
- 4. Development of career knowledge & awareness.

Missouri Department of Elementary & Secondary Education Guidelines

- Avoid suspension or expulsion while in the program.
